Rate is the tax per \$1,000 of assessed (net) property value. **Share** is that portion's percentage of the municipality's total tax rate.

Village district and precinct taxes are not included. Source: NH Department of Revenue Administration, 2025 tax rates.

*Equalization adjusts property valuations within each municipality against current market values (Department of Revenue Admin.), so rates can be compared town to town.

Equalization Ratio compares assessed values to market value; 100% means property is assessed at full market value. Each portion's share of the total rate is the same as on the Net Valuation side.
